SPECIAL ABILITIES

Fortify: Model gains an additional +1 to AGL while in Cover.

Bionic Targeting: Nik-To may spend 1 ACT to activate her bionic eye, locking onto a target model's weak point. During her next Shoot Action this activation, if she hits and then rolls an 8+ on the PRC roll, the attack inflicts Critical Damage.

"Target acquired. Vulnerability exposed. Boom."

WEAPONS

Sniper Rifle: This weapon causes 2 Damage.

TALENTS

One Bug, One Bullet! Nik-To may make a special sniper shot using an experimental bullet (no ammo required). Hits on a D10 roll of 2+ with a PRC 11.

Nik-to loads her experimental round, takes aim, and breathes out. The battlefield falls silent. If it hits, it's gonna hurt.
