SPECIAL ABILITIES

Small Target: Models targeting this model with a Shoot action suffer a -1 to their RCA.

Flight (5): This model may fly up to 5" in any direction—horizontal, vertical, or diagonal—as a Move Action. While flying, it ignores terrain, obstacles, and other models. The model may land on top of terrain up to 5" high, as long as there's enough flat space for its base. This ability may be used during a Charge (2 ACTs), following all normal Charge rules.

WEAPONS

Pollen Blast (BW2): All models hit by the Pollen Blast suffer -2 AGL until the end of their next activation. (See Grenade in the main rulebook.)

TALENTS

Kami Kaze: BW(3) All models within 3" of this model are auto hit with a PRC 6 attack. Remove this model from play once all attacks are complete. This Weapon causes 2 Damage.
