

THE KILLA!

(Medium Living Model)

Scenario Stat Sheet

BP: ○○○○○○○○○○

SPD	MCA	RCA	AGL	EXO	ACT
4	8	4	11	12	2

RNG	ROA	PRC	CST
1"	1D	8	1

SPECIAL ABILITIES

Scrappy 5: When this models last BP circle will be filled, roll a D10. On a 5 or higher do not fill the BP circle.

Zed-Healing: During the End Phase, if the Killa model has taken no damage this round, it may heal 2 BP.

He's Everywhere!: At the end of the Killa's turn, roll a D10. On a roll of a 6+ the Killa may take a second turn after all players have gone. Killa may only gain 1 additional turn each round.

Why Won't He Die?: When this model marks it's last BP, return the model to the center starting area and clear 4 BP circles. It may activate next turn as normal.

Bug Behind the Mask: If this model ends it's Activation out of LOS to any enemy model, remove it from the battlefield. On it's next Activation it may appear anywhere on the Battlefield outside LOS to any enemy model.

WEAPONZ

Machete: Causes 2 damage.

Scenario Stat Sheet

BP: ○○○○○○○○○○

SPD	MCA	RCA	AGL	EXO	ACT
4	5	4	11	12	2

RNG	ROA	PRC	CST
1"	1D	8	1

SPECIAL ABILITIES

Scrappy 5: When this models last BP circle will be filled, roll a D10. On a 5 or higher do not fill the BP circle.

Infuriated Killa: Killa MCA is starts at 5. Each time the Killa fails to hit a Melee attack, increase it's MCA +1. Once it successfully hits a target in a Melee attack, reset it's MCA back to it's starting value.

He's Everywhere!: At the end of the Killa's turn, roll a D10. On a roll of a 6+ the Killa may take a second turn after all players have gone. Killa may only gain 1 additional turn each round.

Why Won't He Die?: When this model marks it's last BP, return the model to the center starting area and clear 4 BP circles. It may activate next turn as normal.

Bug Behind the Mask: If this model ends it's Activation out of LOS to any enemy model, remove it from the battlefield. On it's next Activation it may appear anywhere on the Battlefield outside LOS to any enemy model.

WEAPONZ

Machete: Causes 2 damage.

**THE KILLA! - GOOD LUCK VERSION**

(Medium Living Model)

Scenario Stat Sheet

BP: ○○○○○○○○○○

SPD	MCA	RCA	AGL	EXO	ACT
4	8	4	11	12	2

RNG	ROA	PRC	CST
1"	1D	8	1

SPECIAL ABILITIES

Scrappy 5: When this models last BP circle will be filled, roll a D10. On a 5 or higher do not fill the BP circle.

Zed-Healing: During the End Phase, if the Killa model has taken no damage this round, it may heal 2 BP.

He's Everywhere! v2: The Killa will always take two turns each round. The first after two players have completed their activations and again at the end of the turn (generally after the other two players have completed).

Why Won't He Die?: When this model marks it's last BP, return the model to the center starting area and clear ALL BP circles. It may activate next turn as normal.

Bug Behind the Mask: If this model ends it's Activation out of LOS to any enemy model, remove it from the battlefield. On it's next Activation it may appear anywhere on the Battlefield outside LOS to any enemy model.

WEAPONZ

Machete: Causes 2 damage.
