SPECIAL ABILITIES

Object: Melee Attack Actionz against this model will automatically hit, a PRC roll is still needed to damage. Shoot Actionz are taken as normal.

Searchable: A model within 1/2" may spend 1 ACT to search this token. Roll a D10 using the Found Items Chart below to determine what is found. After the search is complete, redeploy this Token using the Stray rules.

Detonate: As soon as the last BP is marked for this model, all models within 2" of this model are Auto Hit with a PRC 6 Attack. Redeploy this Token using the Stray rules.

WEAPONZ

Auto Mini-gun: This model takes its Turn at the end of every round before Initiative is rolled. On its Turn it will make a Shoot Action against every model within RNG (including those within Melee range). This weapon DOES NOT JAM!
