SPECIAL ABILITIES

Leadership 2: While this model is in play you get a +2 to your initiative roll.

Flight (5): This model may fly up to 5" in any direction—horizontal, vertical, or diagonal—as a Move Action. While flying, it ignores terrain, obstacles, and other models. The model may land on top of terrain up to 5" high, as long as there's enough flat space for its base. This ability may be used during a Charge (2 ACTs), following all normal Charge rules.

Whip It!: Zan'Do may spend 1 ACT to use Whip It! This SpAb does no Damage, but if a Hit is successful (MCA attack at 3" RNG) the Target model loses 1 ACT. Additionally, if you roll a 10 to Hit, the Target is also -1 MCA/RCA during its next activation. (Zan'Do player's choice, does not stack).

Accessorize: Zan'Do may carry Goo'Goo while moving and in base contact but may not Charge.

WEAPONS

Z-Pistol: This Weapon does 2 Damage, Critical Damage on a Auto-Hit roll. This weapons missed-to-hit rolls may be rerolled (excluding Nat 1s). Rerolled result must be used.

Fyre Arm: When using this weapon, use the tape measure to indicate the 6" firing line. ALL models within 1" of this line are Hit ignoring any Cover bonuses (no Hit rolls required). Models Hit by this weapon must roll to Extinguish the flames after each Turn by rolling 6+, otherwise they suffer an additional PRC 6 Attack. This continues until the model passes an Extinguish roll, regardless of Damage is taken.

TALENTS

This is The Way: All friendly models get +1 ACT until the end of this round.
